

Bradshaw Medical Press Release

Rule #1: If we don't take care of our customers, someone else will.

February 17th, 2012

Bradshaw Medical Announces New Utility Patent

02/17/12 Kenosha, WI: Bradshaw Medical, Inc. (BMI) announced earlier today that they were issued utility patent US 8,113,095 B2 for their Torque Mechanism, developed by Dr. Hua Gao, Vice President of Research and Development. This achievement brings BMI to a total of 23 patents to date (with additional patents pending).

"This is the most accurate and reliable torque mechanism in the industry by either clicking over or measuring," stated Dr. Gao. "All Bradshaw torque-limiting and torque-measuring wrenches consistently hold on average 50% more accuracy than any other instrument provider in the industry and are validated in the majority of cases to be within +/-5% accuracy after repeated autoclave cycles in excess of 3000 clicks," commented Guy Bradshaw, CEO.
