Bradshaw Medical Issued New Patent

02/11/11 Kenosha, WI: BMI announced earlier today that they were issued patent # US D631,546, S for their Handheld Ratcheting Rod Cutter. The device was developed by Dr. Hua Gao, Vice President of Research and Development. "Our innovative ratcheting spinal rod cutter line demonstrates Bradshaw Medical's ongoing commitment to our OEM customer base and our ability to meet the challenge of developing products which consistently perform under the most demanding surgical procedures. Stringent testing and validation has proven that our unique interchangeable cutting cartridges can withstand in excess of 300 cuts using 6.0mm Cobalt Chrome spinal rod. Smaller versions and cutting diameters down to 2.5mm are available and can be customized to fit the customer's specific application", commented Guy Bradshaw, Chairman, CEO.

**Utility Patent Pending*
